

The Story of the Shipwreck on the Beach of Costinești

Antonia Manuela Popa

Abstract: *The Sea, my passion! Why do I love it? For a small reasonThe Sea is able to inject the sudden burst of excitement, a warm sense of familiarity or the good amount of time I spent there. I feel that the Sea is something unique, a part of Earth where you can have a light relief. For the first time I realized that it is like an old wise man with noble past. I also love the Sea even if I am afraid of being surrounded by water, but let's admit ...our body is made of water. I would like to say that this is the nature and we are only parts of this Universe, it is like how one we grow.*

Thanks to the programs offered by '1 Decembrie 1918' University of Alba Iulia, I had the chance to see this place- 'Par les cols fleuris/Seuils de paradis'¹, moreover I found the history of Evangelia (The shipwreck on the beach of Costinești), whose history I want to share with you.

Key words: Evangelia, legend, Aristotel Onassis, tourist attraction, the 'French Gulf'.
